LAND DEVELOPMENT INFORMANT

EFFICIENT PUBLIC PARTICIPATION

MEET OUR DIRECTOR & FOUNDER

Mr Nkateko Sammy Marcus Muchavi

Qualified and Registered Professional Town Planner with SACPLAN

Mr Muchavi has more than 10 years of experience as a town planning consultant working across South Africa. Through his work on a wide range of land development and land use applications, he identified key challenges during the public participation stage of the application process.

CHALLENGES WITH TRADITIONAL LOCAL PRINTED NEWSPAPERS

- Many local newspapers operate within the same area, creating inconsistency in where notices are published.
- Traditional newspapers publish a mixture of general news and land development notices, making planning notices easy to overlook.
- Their circulation is often limited to smaller local audiences.
- They do not adequately serve affected persons who work or live outside the immediate local area.
- Access to information is less convenient, especially for people who rely on digital platforms.
- Finding and tracking land use notices can be time-consuming and inefficient.

THE OPPORTUNITY IDENTIFIED

Having experienced these challenges first-hand, Mr Muchavi identified the opportunity to establish a newspaper dedicated exclusively to land development and land use notices. This vision led to the creation of the Land Development Informant — a digital newspaper designed to reach a broader audience and improve access to planning information.

> *Our mission is simple: to improve access to planning information and make public participation more inclusive, transparent, and efficient for all.*

ADVANTAGES OF THE LAND DEVELOPMENT INFORMANT

- Exclusive focus on land development and land use notices only.
- Digital accessibility for a wider audience, including people outside the local area.
- More organised and easier to navigate than traditional printed newspapers.
- Improves transparency, convenience, and efficiency in public participation.
- Supports inclusive access to information across communities.
- Easy sharing and access on phones, tablets, and computers.
- Helps municipalities, consultants, developers, and the public stay informed.
- Aligns with modern digital communication and the evolving planning environment.

This is how the Land Development Informant was founded — to provide a focused, modern, and accessible platform for efficient public participation in land development and land use matters.
