LAND DEVELOPMENT INFORMANT

EFFICIENT PUBLIC PARTICIPATION

INTRODUCING THE LAND DEVELOPMENT INFORMANT (LDI)

A digital newspaper for land development and land use application notices

For Fellow Town Planners and Professionals within the Built Environment

KEY HIGHLIGHTS

1. Specifically focused on land development and land use application notices.

2. Easier to access online from anywhere at any time.

3. Remains available beyond the short lifespan of a printed edition, including archived access.

4. Groups notices according to district and local municipalities.

5. Makes notices easier to find, understand, and follow.

6. Provides a more organised, accessible, and user-friendly digital platform.

7. Makes it easier for municipalities, planning consultants, developers, interested and affected parties, and ordinary citizens to follow land development matters in their own areas and beyond.

8. Does not replace the role of the printed newspaper, but complements and strengthens the public participation process.

The Land Development Informant (LDI) is a dedicated digital newspaper platform that promotes organised, convenient, transparent, and inclusive public participation in land development and land use matters.

1. The LDI is available in 9 Provincial Editions across South Africa.

2. The LDI Limpopo Edition was officially launched in March 2026.

3. The objective is to launch the remaining provincial editions before the end of 2026.

4. Publications of the LDI can be accessed on www.developmentinformant.co.za.

MEET OUR DIRECTOR & FOUNDER

Mr Nkateko Sammy Marcus Muchavi

Qualified and Registered Professional Town Planner with SACPLAN

Mr Muchavi has more than 10 years of experience as a town planning consultant working across South Africa. Through his work on a wide range of land development and land use applications, he identified key challenges during the public participation stage of the application process.

CHALLENGES WITH TRADITIONAL LOCAL PRINTED NEWSPAPERS

- Many local newspapers operate within the same area, creating inconsistency in where notices are published.
- Traditional newspapers publish a mixture of general news and land development notices, making planning notices easy to overlook.
- Their circulation is often limited to smaller local audiences.
- They do not adequately serve affected persons who work or live outside the immediate local area.
- Access to information is less convenient, especially for people who rely on digital platforms.
- Finding and tracking land use notices can be time-consuming and inefficient.

THE OPPORTUNITY IDENTIFIED

Having experienced these challenges first-hand, Mr Muchavi identified the opportunity to establish a newspaper dedicated exclusively to land development and land use notices. This vision led to the creation of the Land Development Informant — a digital newspaper designed to reach a broader audience and improve access to planning information.

ADVANTAGES OF THE LAND DEVELOPMENT INFORMANT

- Exclusive focus on land development and land use notices only.
- Digital accessibility for a wider audience, including people outside the local area.
- More organised and easier to navigate than traditional printed newspapers.
- Improves transparency, convenience, and efficiency in public participation.
- Supports inclusive access to information across communities.
- Easy sharing and access on phones, tablets, and computers.
- Helps municipalities, consultants, developers, and the public stay informed.
- Aligns with modern digital communication and the evolving planning environment.

**This is how the Land Development Informant was founded —
to provide a focused, modern, and accessible platform for
efficient public participation in land development and land use matters.**
